- 2015: **College Degree in Business Management and Administration**, High School “Nuestra Señora del Huerto”, Buenos Aires (Argentina).

Work Experience

- Sep 2021 – Aug 2022: **Corporate treasurer**, Generali Group, Trieste (Italy).
- Feb 2021 – Apr 2021: **Curricular Internship, Data Analyst**, (ISTAT) National Institute of Statistics, Trieste (Italy).

Visiting Experiences

- March 2024 – present: **Visiting Scholar** “An Agent-Based Model of Post-WW1 Inflation Implications on Gender and Social Status”
 - University: **Paris 8, Laboratoire d'économie Dionysien (LED)**
 - Department: Department of Economics
 - Supervisor at the Receiving Organisation: **Antoine Parent**, Professor of Economics.
- Oct 2023: **Visiting Scholar under the Erasmus+ Programme**: The research project aims to study the link between changes in nature of work (e.g., working conditions) and population welfare, with a particular focus on caregiving activities. The researcher will work on creating a data platform which extracts relevant information from a large dataset of working conditions (e.g., the Skills and Development Survey) and linking it to microdata from UK surveys (such as Understanding Society and the English Longitudinal Study of Ageing). Such data platform will be used to describe patterns of working conditions over the last 3 decades and link them with the dynamics of caregiving behaviour of the UK population.
 - University: **King's College London**
 - Department: Global Health and Social Medicine, school of Global Affairs.
 - Supervisor at the Receiving Organisation: **Karen Glaser**, Full Professor in Gerontology.
