To the students of the University of Trieste

Subject: Launching of the online survey on students' opinions about the educational activities for the Academic Year 2023/24

Dear Students,

as in previous years, the University of Trieste is launching the online student satisfaction survey on all the educational activities. The survey is fundamental for continuous improvement aimed to meet our stakeholders needs (students as first).

In the coming weeks, you will be able to give your evaluation by logging in the online services Esse3 and by following the indications in the entry "**QUESTIONNAIRE - Student evaluation of teaching questionnaire**". Therefore, you are invited to fill in the questionnaire for each course **towards the end of the calendar of lessons**. Since our University considers the evaluation fundamental for the improvement of the quality of teaching, the completion of the questionnaire is mandatory to register for exams.

If you did not attend the lessons, there is **a specific questionnaire dedicated to "non-attending" students**. In this way, you will be invited to express your opinion about some aspects of each class to be evaluated according to your own experience.

Also in this academic year you will find **a short section about e-learning**.

In the first part of the Academic Year, you will be able to evaluate the classes of your plan of study for the first semester. In the second part of the year (from April 2024), you will be able to evaluate both classes of the second semester and annual classes. **The survey will remain open until 31st July 2024** for all the classes.

I remind you that the questionnaire is **completely anonymous**: once completed, it will not be possible in any way to trace the author of the evaluations.

You will find more detailed information on this phase of the survey in the instructions document available at <https://web.units.it/node/33006>. If you are interested in some in-depth information on the entire survey system, you can visit <https://web.units.it/presidio-qualita/quality-teaching-activities-and-support-services>.

In any case, feel free to contact valutazione@amm.units.it Staff Unit for Quality and Strategic Support for other clarifications.

I appreciate your collaboration and I wish you a successful Academic Year.

THE RECTOR
Prof. Roberto Di Lenarda
