Subject: Launching of the online survey on students' opinions about the educational activities for the Academic Year 2018/19

Dear Students,

As well as for the past years, the University of Trieste is launching the online student satisfaction survey on all the educational activities.

In the last years, the University has started a self-assessment process with the aim of analyzing its own ability to meet the needs of the students. Therefore, in order to constantly improve the student experience, the University will carefully analyze the results of this survey.

In the coming weeks, you will be able to give your evaluation by logging in the online services Esse3 and by following the indications in the entry "**QUESTIONNAIRE - Student evaluation of teaching questionnaire**". Therefore you are invited to fill out the survey about each class **when it is about to finish**. Filling out the survey is mandatory in order to sign up to the exam since the University considers student evaluations useful tools to enhance the quality of teaching.

A **questionnaire for students who did not attend classes** is also available. In this way, you will be invited to express your opinion about some aspects of each class to be evaluated according to your own experience.

In the first part of the Academic Year, you will be able to evaluate the classes of your plan of study for the first semester. In the second part of the year, you will be able to evaluate both classes of the second semester and annual classes.

The survey will remain open until 31st July 2019 for all the classes.

I remind you that the questionnaire is completely anonymous. Once the survey is completed, we will be unable to identify student respondents.

You will find more information in the instruction file available at this link <https://web.units.it/node/33006>. If you are interested in more aspects of the entire evaluation process, you can visit the page <https://web.units.it/presidio-qualita/quality-teaching-activities-and-support-services>.

In any case, feel free to contact valutazione@amm.units.it - Unity of Staff Quality, Statistics and Evaluation for other clarifications.

I appreciate your collaboration and I wish you a successful Academic Year.

Trieste,

22 NOV. 2018
